The purpose of this kindergarten screening is to identify your child's developmental levels and learning styles. The educational assessment will consist of a number of developmental tasks designed to determine possible areas of concern and/or strengths your child may demonstrate in kindergarten.

**This screening will last approximately one hour. Please be on the lookout for email communication when sign up is open, and further directions will be provided.**

The results of your child's screening will be sent to you.

Please feel free to discuss any concerns with our Psychologist, **Kathy Wojtowicz**, at (440) 255-9786.
